**SHANGHAI, September 21** – Gaw Capital Partners has been named one of the top 75 fund managers in 2016 APAC Fund Manager Guide Ranking by PERE, a leading publication for the international private real estate markets. Gaw Capital jumped two spots in the ranking to number 14 in the Asia Pacific region.

The APAC Fund Manager Guide is a proprietary ranking of the 75 largest private real estate investment managers in the Asia Pacific Region, ranked according to the total amount of capital raised by close-ended investment programs that held a final close between January 2011 and March 2016. For this ranking, PERE only considered the pools of capital invested solely in Asia Pacific.

Goodwin Gaw, Managing Principal and Founder, Gaw Capital, commented, “We are delighted to be named the no. 14 fund manager in APAC by PERE, which is testament to our core strength in Asia Pacific and the trust and confidence we earned from our LPs through our integrated company structure, strong track record and unique positioning.”
